TD Wealth Opening Bonspiel

Another year, another successful Opening Bonspiel thanks, in large part, to the sponsorship provided by Jo Ann Parisien from TD Wealth Financial Planning and the work of her organizing committee. Great snacks during the week, a delicious spaghetti dinner and entertainment on Friday night and a tasty chicken souvlaki meal Saturday made it a most enjoyable week for all the curlers.

On the ice, a perfect blend of socializing and competition made for a lot of good games. Congratulations to the A Division winning team of skip Angus McLeod, vice Cindy Charlebois, second Jace Patkai and lead Christine Piche; the B Division winning team of skip Jen Baker, vice, Denis Piche, second Randy Leclair and lead Margie Lockhart; the C Division winning team of skip Wayne Summers, vice Sheila Cadieux, second Mike Marleau and lead Joanne Marion; and the D Division winning team of skip Joanne MacIntosh, vice John Rattray, second Francine Vaillancourt and lead Josh Morgan.

Congratulations Team Harvey

Our club was represented by Team Harvey at this year's Traveller's provincial championship. To qualify, Team Harvey made it through Traveller's Zone 1 and 2 qualifiers in Gananoque and then reached the championship game in Niagara Falls. This is a great achievement, congratulations to skip Jen Harvey, vice Lise Lalonde, second Stephanie Barbeau and lead Kelly McLeod (pictured at left).

2017 Learn to Curl Class

Our club's Learn to Curl has become quite the success story. The 2016 class was 18 strong with 12 graduates joining the club full-time. This year's class has 30 players, the maximum that the program can handle. The group is very eager to learn and, with an army of volunteer curling instructors, is progressing very well. Some of the players are already curling full time and many are looking forward to joining after Christmas. This is great news for the club. Program Coordinator Lynn Macdonell is "very excited about the program's popularity and the skill set it provides to the participants."

Bubbah's Corner

Bubbah is asking that everyone be aware that rocks striking the hacks can damage the ice and the hold of the hack. Curlers should be making sure to stop thrown or hit rocks from hitting the hacks. Also, it is everyone's responsibility to keep the ice clean; check your shoes, broom and gripper for dirt. This will help avoid those nasty picks that we all hate.
